

Conference

February 14-15, 2025

ARTIG 5

Algebras and Representation Theory in Germany

Organizers:

Henning Krause (Bielefeld University), Rene Marczinzik (University of Bonn), Jan Schröer (University of Bonn)

Venue: Lipschitz lecture hall · Mathematics Center · Endenicher Allee 60 · 53115 Bonn

This is the 5th in a series of conferences which aims to promote exchange and regular meetings between the representation theory research groups at the universities of Aachen, Bielefeld, Bochum, Bonn, Hannover, Kaiserslautern, Köln, Münster, Paderborn and Stuttgart.

Speakers:

- Lidia Angeleri Hügel (Università degli Studi di Verona)
- William Crawley-Boevey (Bielefeld University)
- Karin Erdmann (University of Oxford)
- Monica Garcia (Université du Québec à Montréal)
- Rene Marczinzik (University of Bonn)
- Markus Reineke (Ruhr-Universität Bochum)
- Olivier Schiffmann (Université de Paris-Saclay)

Call for participation: Participation is free. If you are interested in participating, please fill out the application form: <https://math-events.uni-bonn.de/event/43/abstracts/#submit-abstract>. Successful applicants are selected based on research background. The deadline for applications to participate in the conference is November 17, 2024 (CET).
