

Conference
“ARTIG 5
Algebras and Representation Theory in Germany”

February 14-15, 2025

organized by
Henning Krause (Bielefeld University), Rene Marczinzik (University of Bonn),
Jan Schröer (University of Bonn)

• Freitag, February 14

11:00 - 13:00	Registration
13:00 - 14:00	Markus Reineke Expander representations
14:00 - 15:00	Rene Marczinzik Auslander regular algebras and Coxeter matrices
15:00 - 15:30	<i>Coffee Break</i>
15:30 - 16:30	Karin Erdmann Cluster tilting modules for weighted surface algebras
15:30 - 16:30	Olivier Schiffmann The Coxeter complex, Langlands formula and perverse sheaves on h/W
18:30	Conference Dinner

• Friday, July 21

09:00 - 10:00	Lidia Angeleri Hügel Mutation via the Ziegler spectrum
10:00 - 11:00	Monica Garcia Semistability and projective presentations
11:00 - 11:30	Coffee Break
11:30 - 12:30	William Crawley-Boevey Clannish algebras with idempotent loops
<i>afterwards</i>	<i>closing</i>
